

THE SON HENRY BAND

Fri 14 Jul, 8pm

£8/£6 

Leaving Alaska to seek fame and fortune in the big wide world, **Son Henry** has finally arrived on our shores and thankfully for us he brought his lap steel guitar with him.

Take an Alaskan Blues Guitarist and a driving Scottish rhythm section and you've got one of the more explosive blues bands to hit British Blues in years. Son Henry is most certainly one of the best lap steel guitarists in modern blues- if you imagine a cross between Kelly Joe Phelps and Jeff Healey you're getting close.
